## Memorandum

**To:** Whom it may concern

**From:** Kevin Mulligan

**Date:** 14<sup>th</sup> September 2011

**Re:** Michael Doyle Civil Engineering

We wish to confirm that Michael Doyle Civil Engineering are a member of our Managed Repair Network of contractors.

They have been involved in carrying out insurance repair works throughout the country for OSG. We are happy with the quality of work, programme, and health and safety standards they have shown.

We would have no hesitation in recommending them for carrying out similar works in their official capacity.
