## TO WHOM IT MAY CONCERN

We have project managed Michael Doyle Civil Engineering Ltd on a number of site derisking projects in recent months on behalf of the Receiver for McInerney Homes Ltd (In Receivership).

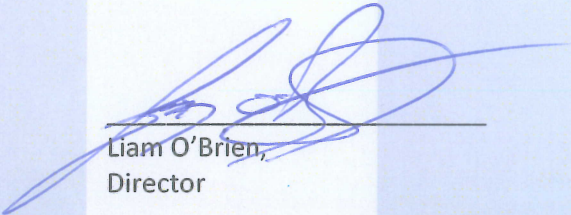

From the outset we have found them to be reliable, compliant, cost effective and above all safety conscious. Their work is of a very high standard and their proactive approach to the works programme and value was very welcomed.

Their negotiations were fair and delivery was on time.

On the basis of the projects carried out we have no hesitation in recommending Michael Doyle Civil Engineering Ltd to others.

We trust this is acceptable to you and if you have any queries please do not hesitate to contact us.

Yours Faithfully,
